

INDUSTRIAL DESIGNER

Hi, my name is Arnaud I am a global citizen studying Industrial design at Loughborough university. I am proficient in three languages, highly social, motivated and determined. I am a creative focusing my efforts on Photography, UX/UI Design and Industrial design.

Work Experience

IBM (2018-19) Design Intern

A full year internship working as a UX/UI designer in IBM Cloud & Cognitive. I worked on enterprise software and pioneered a design system for the Hybrid Cloud portfolio.

Schröder (2017) Design Intern

Investigating and providing solutions for a range of Luminaires. I conducted research, contacted suppliers, did internal testing (IP/IK) and made large scale orders on behalf of the company. Working in multidisciplinary teams yet self-initiative and independence was highly appreciated. Exposure to the importance of seamlessly merging technology with design.

Adidas Group (2015) Design Intern

Assisting the development of concept products to CAD models. I also assisted in several photoshoots for new upcoming seasons, the german olympic team clothing, and kids apparel.

Skills

User Experience | UI Design | Photography | Film |
Graphic Design | Prototyping | Design Thinking

Leadership | Teamwork | Initiative | Problem Solving | Creative

Age Group	Percentage of Respondents
18-24	15%
25-34	20%
35-44	25%
45-54	30%
55-64	28%
65+	22%
